Inspections are scheduled based on orders received. Please make your inspection reservation well in advance

- Clients reserving inspections will be given priority over those with no or short notice.
- Client will be responsible for payment within 15 days of billing.
- Late payments will be charged at 1% per month.
- Inspections will be carried out according to the following statement of principles:

Confidentiality - Surefish and its employees and contractors are committed and obligated to confidentiality of the information received in the course of employment by the client. Inspection information will be disclosed only to the client ordering the inspection, unless authorized by client or legally compelled.

Specifications - Inspections will be made according to the specifications provided by the client. Absent the provision of specifications by the client, Surefish will make objective observations without application of particular specifications.

Sampling - Sampling rates and methods will be agreed upon by Surefish and the client. Surefish is responsible for observing and reporting the findings of the sampling according to the agreed specifications. Surefish cannot guarantee that the sampling will correctly represent the attributes of any of the unsampled product. Surefish will note on our inspections when others have drawn samples.

INSP. No.
